21 Judgments:

Each of the following 21 Judgments has multiple facets in its fulfillment, implications that are not directly spoken of and then widespread ramifications for the Earth. This section is therefore structured a bit differently where each judgment has scriptures pertaining to various aspects its fulfillment. These are not in any particular order where some of the verses mentioned directly relate to words or phrases in the Judgment passage (found in Re. 6, 8-9, 11, 16) and other times the related verses were categorized there because of their relationship to the overall synopsis of what is unfolding in the judgment. For this reason each of the judgments below have a good bit of references for study but some familiarity with the original Revelation Judgment passage will be helpful in order to determine what exactly the scripture is in reference to; either the phraseology or the context. As an aide to your study all of the Judgments are named according to the overall synopsis (context) of what is unfolding.
